

September 10, 2020

Dear Splendido Residents,

We wanted to inform you that we learned late yesterday, September 9, 2020, that our routine testing shows that **three employees in Sonora tested positive for the Coronavirus disease (COVID-19)** and additional employee results are pending. The employees are recovering at home and following guidance from their physician. We wish each of them a speedy recovery.

Splendido is interviewing these individuals to determine if they were in close contact with residents and/or other employees (meaning within 6 feet of anyone for more than 15 minutes). **We plan to test Sonora residents and employees who work at Splendido.**

SONORA UPDATES

For now, visits with Sonora residents are on hold, both for indoor and outdoor visits. This applies to spouse visits too. Compassionate care visits in Sonora will be reserved for those at the end of life, those who supplement care, and those with significant psychosocial needs.

PAUSING INDOOR & OUTDOOR DINING

While we have collectively made significant progress in recent months, we know that this worldwide pandemic is unpredictable. Opening and closing of spaces can ebb and flow depending on factors in the state, county, and local community. As a precaution, **we are going pause our restaurant service in Alonzo's and on the Granada Patio.** This is a short-term measure, and we look forward to resuming al fresco meals in the near future.

Your health and safety are paramount to us, and short-term sacrifices are key to minimizing the effects of this pandemic.

Thank you for doing your part by continuing to live a low-risk lifestyle, including avoiding large gatherings, washing your hands frequently, wearing a face mask when outside your home, and maintaining physical distancing.

Questions? Please call (520) 878.2601 or email bewell@splendidotucson.com.

Take care and stay well.

Sincerely,

James C. Edwartoski
Executive Director

PS: Please note that this letter is being shared with all residents' current emergency contacts.

PROTECT YOURSELF AND OTHERS:

- **Maintain physical distancing.** Keep at least 6 feet of space between yourself and others.
- **Adhere to face covering requirements.** Keeping your nose and mouth covered around the community and on the grounds.
- **Wash your hands often.** Use soap and water for at least 20 seconds, or an alcohol-based sanitizer.
- **Cover your cough or sneeze with a tissue.** Discard the tissue in the trash and wash your hands.
- **Stay home when you are sick.** Prevent spreading illness to others.

COVID-19 SYMPTOMS

If you are experiencing any of the following symptoms, you should contact your physician for guidance, stay in your home, and notify the Concierge at (520) 878.2600. Symptoms include a loss of taste or smell, cough, fever, sore throat, shortness of breath, and gastrointestinal issues such as diarrhea, nausea, or vomiting. Newer symptoms include headache, chills, and muscle pain. Please note that pink eye, eye pain, or vertigo, as well as discoloration of the toes may also be COVID-19 symptoms.
