

November 10, 2020

Dear Employees of Splendido,

We wanted to inform you that we learned yesterday, November 9, 2020, that **a resident in Independent Living has tested positive for the Coronavirus disease (COVID-19)**. The resident is recovering at home and following guidance from their physician. We wish them a speedy recovery. Splendido is interviewing this individual to determine if he/she was in close contact with other residents and/or employees (meaning within 6 feet of anyone for more than 15 minutes).

We know this news is concerning, and assure you that we are taking steps to prevent the spread of infection within the community.

With the rise in cases, we ask that you continue to protect yourself and others by **practicing physical distancing, following proper hand hygiene, and wearing a mask that covers your nose and mouth**.

Know that the health and well-being of residents and staff continue to be our top priority.

**Questions? Please call (520) 878.2601 or email [bewell@splendidotucson.com](mailto:bewell@splendidotucson.com).**

Take care and stay well.

Sincerely,

James C. Edwartoski  
AVP & Executive Director

### **COVID-19 SYMPTOMS**

If you are experiencing any of the following symptoms, you should contact your physician for guidance, stay in your home, and notify your supervisor or Human Resources. Symptoms include a loss of taste or smell, cough, fever, sore throat, shortness of breath, and gastrointestinal issues such as diarrhea, nausea, or vomiting. Newer symptoms include headache, chills, and muscle pain. Please note that pink eye, eye pain, or vertigo, as well as discoloration of the toes may also be COVID-19 symptoms.
