

COVID-19 UPDATE

September 22, 2021

Dear Splendido Residents,

We wanted to inform you that we learned yesterday that **an employee who works in Sonora tested positive for COVID-19**. We wish them a speedy recovery.

Splendido is interviewing this individual to determine if he/she was in close contact with residents and/or other employees (meaning within 6 feet of anyone for more than 15 minutes). Anyone identified as a close contact will be tested twice a week for a minimum of 14 days.

NO CHANGES TO SONORA PROTOCOLS:

Sonora residents who are vaccinated and have no symptoms do not need to isolate, and **programs and dining will continue as scheduled. Visitation will also continue as normal**, except for any residents placed on isolation due to their vaccination status or COVID-19 symptoms. **All visitors are reminded that face masks are required for the duration of each visit.**

PLEASE CONTINUE TO WEAR MASKS INDOORS:

Everyone has been doing a great job of keeping infections in our community to a minimum. Please continue to be safe!

We remind **residents throughout Splendido wear a mask that covers your nose and mouth while you are in any indoor spaces**, including hallways and the main entry area.

Take care and stay well.

Sincerely,

James C. Edwartoski
AVP & Executive Director
