

COVID-19 UPDATE

February 18, 2022

Dear Splendido Residents,

We wanted to inform you that we have learned that **an employee in Sonora has tested positive for COVID-19**. We wish this individual a speedy recovery.

Splendido is interviewing this person to determine if they were in close contact with residents and/or other employees (meaning within 6 feet of anyone for more than 15 minutes).

UPDATE ON RESTAURANTS:

Family and friends are welcome at Splendido. For now, we are limiting our restaurants to resident use only. With Pima County's infection rate at 20%, we must keep the health and well-being of residents and staff in mind. We'll continue to monitor our local situation and will provide an update on this temporary change. In the meantime, you're welcome to order to-go meals for your guests and enjoy them in your home.

Also, we ask that residents in Coronado assisted living continue to refrain from visiting restaurants in independent living.

WHAT YOU CAN DO:

There have been a lot of news stories recently about mask mandates lifting and disagreements over wearing face masks. The fact is, **a good-quality mask is your best protection against COVID-19**, even if others around you are not wearing masks.

In addition to wearing a surgical face mask that covers your mouth and nose any time you are indoors in public, please take these proven steps for reducing your risk of COVID-19:

1. **STAY HOME** if you have cold-like symptoms. If you think you have COVID-19, contact your physician.
2. Practice **good hand hygiene** by washing your hands frequently for 20 or more seconds, or using hand sanitizer.
3. Practice **physical distancing**.

Take care and stay well.

Sincerely,

James C. Edwartoski
AVP & Executive Director

PS: Please note that this letter is being shared with all residents' current emergency contacts.
