

COVID-19 UPDATE

March 9, 2023

Dear Team Members at Splendido,

We continue to experience COVID-19 in our community. Please help protect your health and the health of those around you, by continuing to follow proven precautions. These steps are effective against not only COVID-19, but also cold and flu!

- **Wear a face mask when you're in a group setting.**
- **Practice good hand sanitation.**
- **Stay home when you feel ill.**

UPDATE ON COVID-19 IN OUR COMMUNITY:

This update encompasses the period from February 22 through March 7. **During those weeks, we learned that three residents in Independent Living and one Independent Living employee have tested positive for COVID-19.**

Splendido has interviewed the individuals to determine if they were in close contact with residents and/or employees (meaning within 6 feet of anyone for more than 15 minutes), and notified any affected individuals.

Take care and stay well.

Sincerely,

James C. Edwartoski
AVP & Executive Director
