

COVID-19 UPDATE

April 20, 2023

Dear Residents,

Welcome to the signs of spring, including warmer temperatures. We're looking forward to the season!

COMMUNICATION UPDATE:

Our top priority continues to be the health and well-being of residents, guests, and team members. Mather continues to regularly evaluate our communication strategy and response to COVID-19. After evaluating community transmissions and what is occurring in our local areas, we have decided to move away from reoccurring COVID-19 communication to residents and team members, as well as website posts. **Please be assured that if there is a need for communication, we will send out a letter.**

Sonora: We will continue to report any positive cases among residents or employees in Sonora within 24 hours, as per the Centers for Medicare and Medicaid Services (CMS) regulatory requirement. These communications would go out specifically to residents and family members of Sonora, not the entire community.

UPDATE ON COVID-19 IN OUR COMMUNITY: Our final report

This update encompasses the period from April 5 to 18. **During those weeks, we learned that one employee who works in Sonora tested positive for COVID-19.**

Splendido has interviewed the individual to determine if they were in close contact with residents and/or employees (meaning within 6 feet of anyone for more than 15 minutes), and notified any affected individuals.

Take care and stay well.

Sincerely,

James C. Edwartoski
AVP & Executive Director
